

Ceco 240 Compactor

The Ceco 240 Compactor is ideal for volume reduction of mixed or recyclable waste into 240 Ltr. wheelie bins or into plastic bags. The machine differs from previous models in that the bin or bag insert do not have to be removed for filling.

Volume reduction of up to 90% can be achieved by using this machine, thus reducing the number of bins required & space needed for storage of waste or recyclables.

An optional insert is available for compacting material into plastic bags.

The machine is suitable for Hotels, Restaurants, Deli's, Canteens, Fast Food Outlets, Schools, Shops, Etc.

Bin stays in place for filling

Specifications	
Motor	.75 kW 13 amp
